Scales & Tales

Scales & Tales is an environmental education program that affords people the opportunity to see wildlife up close. The program uses non-releasable birds of prey and reptiles to encourage people to enjoy and appreciate Maryland State Parks, and the wildlife living in them.

Wings and Things (All Ages)

\$100 in-park, 45-60 minutes. Reptiles and birds illustrate how we often judge an animal's value by the way it looks. Learn that all wildlife serve a purpose in nature. A good general program for all types of groups.

Raptor Wrap-Up (Ages 8+)

\$100 in-park, 45 minutes. Prepare for an in-depth look at raptors as we explore their natural history, conservation topics, and tell the 'tales' of how each was brought into our care.

Reptile Wrap-Up (Ages 8+)

\$75 in-park, 30-45 minutes. Scaly creatures will captivate you as we separate fact from fiction and learn about the benefits of these often misunderstood creatures. Learn about Maryland's wonderfully diverse reptile population.

Private Aviary Tour (All Ages)
